To the FDA:

RE: DOCKET NO. 98N-1265

I send this letter as a consumer of healthcare services to register my concern and disapproval of the Memorandum of Understanding as published by the FDA on January 21, 1999.

In its present form, the MOU, as well as the Compounding Section 503A of the Modernization Act, severely restricts the rights of the physicians and patients to obtain healthcare products from the provider of their choice. It also infringes on the rights of compounding pharmacists to serve the public's medical needs. As a healthcare consumer, there should be no restrictions to the delivery of a compounded medication prescribed for me, regardless of where I may live or may travel. The MOU must be amended!

Signed: Susan Dietz, RN

State of Residence: New York

Comments: I strongly oppose Docket No 98N-1265. I feel I have a right to have free choice of a pharmacist. The medication I am taking from Warren International Pharmacy is perfect for me and very much needed. It is the only medication that has not have adverse side effects on me. I have tried the equivalent medicine from conventional pharmacies and I was not able to tolerate them.

Please do not take away this right from me  
Sincerely,

Susan Dietz
